Rafael;

I read this yesterday in our news after an agenda meeting, and thought I'd send this to you for your info. I've attached some of the files from the 'early' 2010 event.

Included in the total are penalties of \$215,600 against Superior Crude Gathering, Inc. in San Patricio County for air quality violations stemming from an emissions event in early 2010. Half of the penalty amount will be applied to a Supplemental Environmental Project. These funds will be used to supplement the emissions testing program in Corpus Christi and to replace older diesel school buses with newer, cleaner models.

Was anyone from 'Falcon' at the agenda meeting?

Phillip Winsor, PE

Project Manager
